

DREAMER HOUSE

Mission 7 of 7

A FARM

We want you to draw a farm...
...but this farm is no ordinary farm.

This is a farm where all your family are animals.
Yes, EVERYONE!

They have turned into animals overnight, and you are the only one who can take care of them.

Each of your animals, I mean, family members have their own barns.

You have to make each barn in a way that helps your family remember who they are.

What would you put in each barn? Why? What can your family see, hear, taste, touch and smell in the in the barn? How will it help them remember who they are?

When you're done, film yourself as you present your drawings. To the camera, explain why you've made your barns the way you did!

We can't wait to see your drawings.

Lots of love,
Dreamer House
