

# DREAMER HOUSE

**Mission 5 of 7**

## **A HOTEL**

We want you to draw a hotel...  
...but this hotel is no ordinary hotel.

This is a hotel for your five favourite people!

The hotel has five rooms, and each room is for one of your favourite people in the world to stay in. These could be friends from school, your family, or your favourite cartoon characters. What can you do to make each room super-special for them?

**We need 6 drawings.** 5 drawings or rooms made for your favourite people, and 1 drawing of the outside of the hotel.

What will you put in each room? What would be on the walls? What can the family see, hear, taste, touch and smell?

When you're done, film yourself as you present your drawings. To the camera, explain why each room would be something that your friends would love!

We can't wait to see your drawings.

Lots of love,  
Dreamer House
